### Wyckoff/Eagle Harbor Superfund Site - UPDATE

Wyckoff in Morning Light

### September Brush Removal

The U.S. Environmental Protection Agency's contractor will be clearing brush at the Wyckoff/Eagle Harbor Superfund Site.

We expect the work will start the week of September 18 and continue for two weeks.

Workers will be on site Monday – Friday, from 8:00 a.m. - 5:30 p.m.

The work will be noisy at times. We thank the community for bearing with us as the site is cleared.

The work is needed to make it easier to access the numerous groundwater monitoring wells on site.
